Mr. Colin N. Jones, President  
SMLX Technologies, Inc.  
376 Ansin blvd.  
Hallendale, Fla. 33009

Dear Colin:

In accordance with the terms of our Joint Venture Agreement, I want to move the manufacturing of the Airbrator® to the Usra Tampi Sdn. Bnd. in Malaysia, as soon as possible, to take advantage of costs that are lower there than they are in the US.

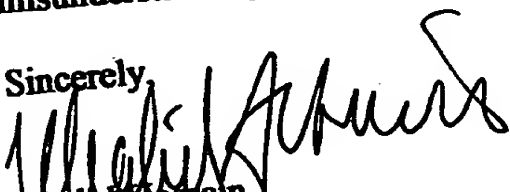

To this end, I have personally provided financing for the making of the mold, which will take approximately 6-8 weeks to build. The lead time to get delivery on parts is also approximately that long and I want to be able to start manufacturing Airbrators® as soon as the mold is finished. I am willing to hold completed units in inventory and order in a large enough volume to get lowest prices possible.

BioStar Life Sciences, our JV company, is undergoing formation and is not yet a valid entity. Therefore, BioStar cannot legally give Usra a formal PO.

I am requesting that SMLX give Usra a PO for 5,500,000 Airbrators® at a price of \$.80 each, including shipping and handling, with the understanding that I and BioStar, once it has been officially set up, will assume responsibility for the order, guarantee payment and take delivery in Switzerland.

You may attach a copy of this letter to the SMLX order so there is no misunderstanding.

Sincerely,

  
Khalid Hossain
